“My son has attended Academics Plus for 3 years now. He went from reading below grade level to reading two grade levels above. A+ staff are all wonderful and truly care about the kids’ success in the classroom.”

–Laura Arouca  
*McKinney, Texas*

“Academics Plus is a positive addition to the educational opportunities for students. The program offers students the opportunity to enhance reading, math, and study skills. A+ has developed a close, supportive working relationship with teachers and administrators in the area. The program can be very effective with the students, parents, and teachers working together.”

– Jack Cockrill, Ed.D.  
*Formerly McKinney, Texas*

A+ now hiring excellent instructors!

Academics Plus is an experienced, supplemental education provider committed to increasing each student's academic performance while creating an atmosphere of empowerment, enhancing the joy of learning, and encouraging personal excellence in school, home and community.
