# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

This year, Reuben Johnson Elementary (RJE) welcomes 500 students into a completely renovated building! RJE is an outstanding school with an established record of success. An active parent community supports RJE with a commitment to excellence. The teachers and staff, along with parents and volunteers, collaborate to create an environment that engages all students and enhances learning and success for each child. RJE teachers are committed to providing engaging instruction that is differentiated while supporting all of our Jaguar students, as they become effective communicators, quality contributors, and socially responsible citizens. The RJE staff creates a culture of high expectations, where all feel safe, valued and nurtured. Students are actively involved in setting individual goals for academics, physical fitness and personal growth. RJE teachers strive to provide exemplary academic instruction coupled with a high level of engagement for all students in all subject areas.

### Demographics Strengths

RJE's student enrollment remains relatively consistent throughout each school year, approximately 500 students are in attendance daily. The diverse ethnicity of our student population is certainly a strength of our school community.

The campus enrollment by ethnicity is: American Indian or Alaskan Native- 0.79%, Asian- 8%, Black/African American- 13.39%, Hispanic/Latino- 20.5%, White- 50.2% and Multicultural/Other- 7.09%. RJE has 5.5% Limited English Proficient students, 14.57% receive Special Education services, 7.68% participate in the Gifted and Talented program, 24.8% are considered to be At-Risk, and 22.05% qualify as Economically Disadvantaged based on free/reduced lunch status.

# Student Achievement

## Student Achievement Summary

Multiple measures of data have been utilized in the development of this year's Campus Improvement Plan. This data will also be reviewed in depth by teachers to plan for instruction and interventions to meet the needs of all students. A deep review of data will help us to move all students forward toward achieving their personal best and our campus goals.

The Reuben Johnson Elementary School community strives to demonstrate consistent academic growth coupled with high student engagement for all students in all subject areas.

## Student Achievement Strengths

For the 2019 STAAR test, RJE students met standards in all domains: *Student Achievement*, *School Progress*, and *Closing the Gaps*. Common school-wide expectations to promote a safe and orderly learning environment for all are displayed throughout the campus. To maintain our Level I certification as a High Reliability school, consistent Social Emotional Learning (SEL) occurs campus wide from 8:10-8:30am daily through community circle time in every classroom. We achieved our goal of becoming certified as a Level II High Reliability School. This process required monitoring and evidence collection to document the effective instruction occurring in every classroom.

# School Culture and Climate

## School Culture and Climate Summary

RJE staff members have collaborated to identify our core values: Relationships, Integrity, Determination, and Excellence (RIDE). RJE teachers and staff collaborate closely to create a culture of high expectations where all feel valued and safe. Communication is shared through multiple methods in order to continuously keep parents informed and connected to the school. The school culture at RJE is to have parents participate as partners in their child's education.

## School Culture and Climate Strengths

The culture and climate at RJE are enhanced by multiple opportunities for students to explore various leadership and interest-based activities. All 4th & 5th grade students may participate in RJE's Student Council. All 4th and 5th grade students may participate in Safety Patrol. RJE has a strong choir program, which includes a 4th grade choir, 5th grade choir, and 4th/5th grade recorders group. RJE's PE team promotes a healthy life-style and the importance of exercise. Through participation in art class, students have the opportunity to explore their creativity. Visual displays of student projects are exhibited throughout the hallways of RJE on a consistent basis. The underpinnings of these opportunities are reliant upon our foundation of kindness. Live Kind is not only an initiative for MISD, it is fostered and recognized among students and staff at RJE. Our Kindness Krew is a student-led group seeking to promote and grow kindness within our student body.

At RJE, 100% of staff members join the PTA and the majority contribute to the McKinney Education Foundation (MEF).

To support our students in the area of organization, systems are utilized campus-wide (examples: BEE binder, TEAM binder, etc.). In addition, we have a school-wide character education program, Character Counts, which provides a framework for establishing basic values such as: trustworthiness, respect, responsibility, fairness, caring, and citizenship. Our student recognition and incentive plan closely aligns with elements of PBIS in that, we have school-wide expectations for all areas of the building. This plan hinges on Johnson Jaguars being ready to ROAR: Respect yourself & others, Own your actions, Achieve goals, and Ready to learn. A matrix has been developed to identify expectations related to ROAR across the campus.

Recognition and celebrations are a valued part of the culture at RJE. Communication is also an area of strength as evidenced by strong parent participation in school-wide functions and volunteer opportunities.

# **Staff Quality, Recruitment, and Retention**

## **Staff Quality, Recruitment, and Retention Summary**

77% of the RJE teaching staff have 6 or more years of experience, including 13.5% who have over 20 years of experience. 100% of classroom teachers are GT certified, and 100% of classroom teachers and Special Education teachers are ESL certified.

## **Staff Quality, Recruitment, and Retention Strengths**

Every RJE classroom is staffed with an educator who meets the criteria as a highly qualified teacher. The average number of years experience in MISD for RJE teachers is 13 years. The campus culture promotes the retention of highly qualified teachers. Strategies and activities are in place to ensure that teachers are receiving high-quality professional development based on data indicating areas of student needs.

# Curriculum, Instruction, and Assessment

## Curriculum, Instruction, and Assessment Summary

RJE staff is committed to implementing differentiated and engaging instruction to achieve excellence. Campus administrators monitor classroom planning and instruction to ensure that both are aligned with the student expectations of the state curriculum (Texas Essential Knowledge and Skills - TEKS) as well as the high standards of our school community.

## Curriculum, Instruction, and Assessment Strengths

In order to accomplish our goal of preparing all RJE students to “achieve academically excellent results in all subject areas,” we will target student engagement, data driven instruction, and professional collaboration and growth.

- Engagement: Teachers design meaningful, relevant lessons that are differentiated to meet the needs of their students.
- Data driven instruction: The discovery of difficult to teach, hard to learn standards will occur in grade level data meetings. This information will be utilized to design differentiated instruction and provide targeted interventions.
- Professional collaboration and growth: RJE administrators will continue to monitor teaching and learning through formal and informal walkthroughs, focus on MISD Model of Instruction, evaluations and through the achievement of individual professional goals set by teachers; collegial conversations will be held in PLCs to discuss and review data and improve teaching; math and ELAR teachers will attend professional development to support the areas identified for instructional improvement.

# **Parent and Community Engagement**

## **Parent and Community Engagement Summary**

The RJE Parent Teacher Association (PTA) is strong unit that provides parent education, environmental programs, community service, and cultural arts programs for students, parents, and staff members that enhance the learning environment.

## **Parent and Community Engagement Strengths**

Many RJE parents volunteer on a daily basis at RJE and enhance our instructional program. Moms, dads, and even grandparents volunteer in the office, lunchroom, Learning Commons, and classrooms to assist teachers and students. Our PTA provides events like Family Math & Reading Night, Red Ribbon Week, Assemblies, Reflections program, and volunteer/room parent training. The PTA conducts a fundraiser each year in order to fund events for that year and save for big projects. RJE has a special group for dads who volunteer at school called "Jag Dads." Jag Dads assist with arrival and dismissal duties once a month, organize a Dads Day when dads volunteer in the building throughout the entire day, host Mom's day to coordinate with Mother's Day and facilitate a family movie night annually.

RJE parents are very responsive to our requests for volunteers for events such as: greeting newcomers at Kinder Roundup, welcoming parents and visitors for special events, assisting in the office with copying and filing, and helping at Bike & Scooter Rodeo and Field Day.

# School Context and Organization

## School Context and Organization Summary

Reuben Johnson Elementary School was founded in 1997. During the summer of 2019, the entire building was renovated. We strive to uphold our legacy of excellence through the hard work and dedication of the faculty and students. The school's namesake is Reuben Johnson. He was a man of great character and integrity. Mr. Johnson was raised in McKinney and attended McKinney ISD schools. He paid back his community by dedicating 37 years of his life to a career in education, including 28 of those years in McKinney schools. His wife, Evelyn Johnson stated, "He was an all-around man who touched the lives of his students. He was interested in the welfare of the children and wanted the best for all students so they could be positive achievers throughout life." The RJE community is proud to carry on the tradition of educational excellence and concern for students.

The subdivision served by RJE is Eldorado Heights II and Pine Ridge Estates. When students leave fifth grade at RJE, they attend Evans Middle School.

## School Context and Organization Strengths

The environment at RJE provides the opportunity for faculty members to function effectively, change appropriately, and grow from within. Campus structures such as action teams, professional learning communities, team leaders, etc. are well established. Multiple methods of communication are used to provide staff and parents with up to date information about school events. Parents are given an opportunity to provide feedback about their child's class placement through the use of an online submission of a Student Learning Profile extended via email in April.

# Technology

## Technology Summary

RJE utilizes a variety of technology resources to enhance instruction, increase student engagement, and develop global awareness. In alignment with McKinney ISD, we will create a culture of student and teacher empowerment through instructional design resulting in a fusion of digital technology, curriculum, instruction, and assessment.

## Technology Strengths

We have a standing committee for technology with representatives across the grade levels. The committee also discusses how to incorporate technology effectively into instruction. Our Learning Commons houses a state of the art Makerspace area, Tech Deck, and augmented reality software to inspire creativity.

# Priority Problem Statements

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:
