

What is the application process for ISM?

1. Students must submit an application and essay on time and then interview for inclusion in this rigorous course. This process occurs on each high school campus during the spring semester. Applications are available from the counselors as well as the ISM teachers when the application window opens.
2. The application process includes teacher recommendation forms that need to be completed by all of the applicant's teachers. Students are responsible for providing these recommendation forms to their teachers.
3. The recommendation form asks teachers for their opinion regarding an applicant's level of trustworthiness and integrity as well as his or her task commitment.
