

McKinney ISD SHAC Meeting

February 9, 2017

Attendance: Jean Begala, Julie Blankenship, Rebecca Ecker, Kim Frank, Lauren Hickman, Madison Jackson, Elyse Jensen, Megan Rasberry, James Shoemake, Danielle Stewart

Meeting called to order at 6:37pm by Julie Blankenship.

January meeting minutes were reviewed and Lauren Hickman made motion to approve and Kim Frank second the motion.

Julie opened the meeting stating we need to review the wellness policy tonight and see what changes need to be made. The state asked we have a template, a generic policy, but when asked to do so, MISD went further and created a detailed policy and it was approved by the board. We reviewed Forth Worth policy as a comparison for how to set goals. The state has asked that we have a campus status information form to document that each campus is complying with the regulations.

The members in attendance gathered in groups to look at the templates and made recommendations for creating a campus regulations form. This form will help the campuses look at their wellness/coordinated health goals and objectives. This has been done thru MISD's on-line work with Alliance for a Healthier Generation for the last 4 years. Now that our work with AHG is coming to a close, we need to look for a way for each campus to evaluate their wellness plans.

Julie collected each group's templates and suggestions. Julie will update us via e mail after talking with TASB and then review it in May.

Meeting adjourned at 7:38pm
