Certificate of the Board

McKinney Independent School District
Name of School District

Collin
County

43-907
District Number

We, the undersigned, certify that the attached annual financial reports of the above-named school district were reviewed and (check one) _____ approved _____ disapproved for the year ended June 30, 2023 at a meeting of the Board of Trustees of such school district on the 23rd day of October 2023.

Signature of Board Secretary

Signature of Board President

If the board of trustees disapproves of the auditors' report, the reason(s) for disapproving it is/are:
(attach list if necessary)

INTRODUCTORY SECTION

MCKINNEY

INDEPENDENT SCHOOL DISTRICT

BUSINESS SERVICES

October 23, 2023

Board of Trustees
McKinney Independent School District
#1 Duvall Street
McKinney, TX 75069

Members of the Board:

Texas Education Code requires school districts to submit financial statements to Texas Education Agency within 150 days of the close of the fiscal year. The reports must adhere to Generally Accepted Accounting Principles and be audited by a firm of licensed Certified Public Accountants. In compliance with this requirement, McKinney Independent School District (ISD) hereby submits the Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2023.

The ACFR represents the financial position of the District as measured by the activity of all funds of the District. The financial position of the District is discussed in detail in the Management's Discussion and Analysis (MDA) presented within the ACFR.

The ACFR was prepared by the District's Business Services Department. The District assumes full responsibility for the accuracy, completeness, and fairness of the reports. The ACFR was audited by Eide Bailly LLP, a licensed certified public accounting firm. The audit is intended to provide the District with reasonable assurance that the financial statements for the fiscal year ended, June 30, 2023, are free from material misstatement. Because the cost of a control should not exceed the benefits to be derived, the objective is to provide reasonable, rather than absolute assurance, that the financial statements are free of any material misstatements. The independent auditor's report presented within verifies there was a reasonable basis to issue an unmodified opinion. This opinion states that the reports are presented in conformity with Generally Accepted Accounting Principles and without material misstatements.

PROFILE & GOVERNANCE OF THE DISTRICT

McKinney ISD is an independent public education agency recognized as a political subdivision of the state of Texas. Founded in 1926, the District provides educational services to students in pre-kindergarten through grade 12. McKinney ISD has twenty-one elementary schools, five middle schools, three high schools, one alternative campus, and one early childhood education school. The ages and capabilities of these facilities can be found in the statistical section. The District had enrollment of 23,342 students in the 22/23 school year. Enrollment is predicted to be 23,100 in 23/24.

Located in Collin County in north central Texas, the District provides services wholly or partially to the communities of McKinney, Allen, Fairview, Lucas, and Princeton. Governance is by an elected and uncompensated Board of seven trustees. The Board's primary role is governance and oversight while the operational functions of the District are delegated to the Superintendent and administrative staff.

Board members serve four year overlapping terms with elections in May. Regular Board meetings are conducted on the fourth Monday of the month unless otherwise noted on the website.

In general, the Board adopts policies, approves curriculum, employs the superintendent, and oversees the operations of the District and its schools. Besides general Board business, trustees are charged with numerous statutory regulations, including appointing the tax assessor/collector, calling trustee and other school elections, and canvassing the results, organizing the Board, and electing its officers. The Board is also responsible for setting the tax rate, salary schedules, acting as a board of appeals in personnel and student matters, confirming recommendations for textbook adoptions, and adopting and amending the annual budget.

The Board solicits and evaluates community input and support concerning school policies and has final control over local school matters limited only by the state legislature, by the courts and by the will of the people as expressed in School Board elections. Board decisions are based on a majority vote of a quorum of the Board.

The Board has responsibilities and control over all activities related to public-school education within its geographic boundaries. Even though there is considerable association between such other entities as the Collin County Tax Office and the Collin County Central Appraisal District, this report is restricted only to the actual activities of the District.

MISSION & AWARDS

The mission of the District is stated as:

"We will provide engaging learning experiences so students can become effective communicators, quality contributors, and socially responsible citizens."

The vision of the District is stated as:

"A cohesive, diverse community providing engaging learning experiences for all."

Both the mission and vision are evident throughout all District programs/services including regular and enriched academic education, special education for disabled children, career, and technology education, gifted and talented programs, and programs for those with limited English proficiency. In addition, the programs are supplemented with a wide variety of co-curricular offerings that include fine arts and athletics.

MISD strives to provide students with quality educational experiences and has attained high ratings in the state accountability system. The District continues to outperform the region and state in all subjects and grade levels as measured by STAAR assessments. The latest statistics from Texas Education Agency (TEA) report the Class of 2022's graduation rate at 96.8%.

McKinney ISD boasts one of the most distinguished Fine Arts programs in the state of Texas. It is one of only a few districts in the state to send groups from every level (Elementary, Middle School, High School) to perform at the Texas Music Educators Association (TMEA) conferences. Recent invitational performances at TMEA include the Faubion Middle School Cambiata Tenor Bass Chorus in 2022, the Cockrill Middle School Honor Band in 2020 and the Eddins Elementary Honor Choir in 2019. During the 2022-23 school year, MISD Fine Arts organizations continue to receive state, national, and international recognitions. Additionally, the McKinney Boyd High School Percussion Ensemble qualified for the Percussive Arts Society International Conference in Bloomington, Indiana, and the Faubion Middle School Orchestra qualified for the Midwest Clinic in Chicago, Illinois. Furthermore, the McKinney Boyd Bronco Marching Band qualified for the 6A UIL Marching Band Championships for the first time in our District's history; Faubion Middle School Bella Voce Treble Chorus performed in Cincinnati, Ohio as an elite national honor group for the American Choral Directors Association. 13 MISD visual art students qualified for the State VASE competition of whom 12 medaled and 2 received the prestigious Gold Seal Award; and the McKinney High School Marquettes and McKinney Boyd Bailadoras each won grand national championships at dance competitions. Numerous MISD middle and high school bands, choirs and orchestras have earned "Mark of Excellence" awards from the Foundation of Music Education, and MISD has been named one of the nations "Best Communities for Music Education" for six consecutive years

(2017-22) by the National Association of Music Merchants.

McKinney ISD Athletics ended the 2022-2023 school year with outstanding accomplishments. We supported 141 programs across all campuses with over 4,700 student-athletes participating in our athletic programs. We had 67 athletes sign scholarships to continue athletic participation at the collegiate level. The district had 758 student-athletes named Academic All-District, with 200 named Academic All-State. Our athletic teams accounted for 6 district championships and had many student athletes advance to the state level competition in their respective sports, winning 3 state championship trophies overall. Our coaching staff was honored for their leadership with 6 McKinney ISD coaches being named district coach of the year. It was a successful year on the athletic field, as well as in the classroom with our student athletes maintaining a 3.3 GPA overall.

In 1999, the 76th Texas Legislature, approved legislation requiring the commissioner of education in consultation with the Comptroller of Public Accounts to develop a rating system for school district financial accountability. The 77th Texas Legislature in 2001 subsequently adopted rules for the implementation and administration of the financial accountability rating system known as School FIRST, Financial Integrity Rating System of Texas. The financial accountability rating system benefits the public by having in place a system to ensure that school districts will be held accountable for the quality of their financial management practices. McKinney ISD has met or exceeded the standard rating provided each year since the implementation of the rating system in the 2001-02 year.

The Texas Comptroller of Public Accounts has implemented a program to recognize local governments for going beyond posting the usual financial data to their websites. The program recognizes government entities that provide clear and meaningful financial information not only by posting financial documents, but also through summaries, visualizations, downloadable data, and other relevant information. The District earned the prestigious Transparency Stars recognition from the State Comptroller for transparency in the areas of Traditional Finance and Debt Obligations for five years running.

ECONOMIC CONDITIONS & OUTLOOK

McKinney ISD is situated in Collin County, 36 miles north of Dallas on U.S. Highway 75 in the city of McKinney. The city is an integral part of the Dallas Fort Worth metroplex. It enjoys easy access to major transportation and shipping hubs located 37 miles from DFW airport and 32 miles from Love Field. In addition, McKinney's National Airport will accommodate all types of business aircraft.

McKinney is home to several industries such as Raytheon, Encore Wire, Emerson Process Management, Baylor Medical Center, and Globe Life Insurance. As the county seat of Collin County, public employers include the County, City of McKinney, McKinney ISD, and Collin College. Contributing to the area's growth has been the relocation of Toyota Motor Company's Headquarters as well as the State Farm Insurance Company's and Liberty Mutual regional offices in neighboring cities. These factors have created an increased residential demand and a rapidly expanding economy.

The 2016 voter authorized multi-year bond program continues through building refresh, technology enhancements, and instructional programming.

The 2020-21 school year marks the continuation of the \$220,000,000 2016 Bond Program approved by voters in May 2016 and the beginning of the \$275,000,000 2021 Bond Program approved by voters in May 2021. Projects include comprehensive upgrades to almost every campus, fine arts, athletics, and technology system within McKinney ISD. These multi-year bond programs positively impact every child in McKinney ISD.

2022/23 BUDGET & TAX RATE

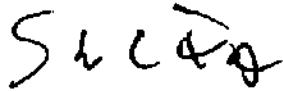

The Board of Trustees is required to adopt a final budget no later than the close of the fiscal year, June 30. Annual budgets for the General Operating Fund, Debt Service Fund and Food Service Fund were adopted by the Board of Trustees on June 27, 2023. The budgets are allocated by fund and function.

Site based decisions are made throughout the year as campuses and departments manage their funds. Budget transfers between functions, however, require approval from the Board of Trustees. The Budget is tightly controlled in all areas of operation. The District adopted a maintenance and operations tax rate of \$0.7575, and a debt service rate of \$0.3700 for the 2023-24 school year. For additional information about the financial status of the District, readers should refer to Management's Discussion and Analysis section of this report.

ACKNOWLEDGEMENTS

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of Business Services. We would like to express our appreciation to all members of the department who assisted and contributed to its preparation.

We also wish to thank the members of the Board of Trustees for their continued consideration and support, and for planning and conducting the financial operations of the district in a responsible and progressive manner.

Independent Auditor's Report

The Board of Trustees of
McKinney Independent School District
1 Duval Street
McKinney, Texas 75069

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the McKinney Independent School District (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Adoption of New Accounting Standard

As discussed in Note 1 to the financial statements, the District has adopted the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (SBITAs) for the year ended June 30, 2023. As a result of implementing the standard there was no effect on governmental activities' beginning net position. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, pension plan schedules, OPEB plan schedules, and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor fund financial statements, TEA required schedules and the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining nonmajor fund financial statements, TEA required schedules and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated October 12, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Abilene, Texas
October 12, 2023

The management of McKinney Independent School District ("the District") offer readers of the annual comprehensive financial report this narrative discussion and analysis of the District's financial performance for the twelve-month period ended June 30, 2023. Readers are encouraged to consider the information presented here in conjunction with the District's financial statements, which follow this analysis.

FINANCIAL HIGHLIGHTS

- At the close of the twelve-month period ended June 30, 2023, the District's assets plus deferred outflows of resources exceeded liabilities plus deferred inflows of resources. Net position was \$203.7 million.
- The government-wide statements reported total revenues of \$376.7 million, which exceeded total expenditures of \$337.2 million and resulted in a net increase of net position of \$39.5 million over beginning net position of \$164.2 million.
- The governmental funds financial statements reported combined ending fund balance of \$280.8 million for the twelve-month period ending June 30, 2023, an increase of \$22.3 million over beginning fund balance of \$258.4 million. This balance consists of \$118.3 million in the General Fund, \$111.9 million of which is unassigned and available for spending at the District's discretion, \$3.7 million is nonspendable for inventory and prepaid items and \$2.5 million is assigned for insurance and contingencies. Restricted fund balance totals \$156.1 million and is included in the Debt Service Fund, Capital Projects Fund and Non-Major Funds. Committed fund balance for campus activities totals \$6.4 million.
- 2022-23 property values increased as total appraised property values continue to improve, resulting in the following for the General Fund:
 - Local property tax revenue of \$206.7 million increased by \$16.2 million, or 8.5%, from prior year.
 - Recapture expense of \$20.6 million increased by \$17.2 million, or 503%, from prior year.
 - State revenue of \$31.9 million increased by \$1.4 million, or 4.5%, from prior year.
- The General Fund had \$253.8 million in revenues, which primarily consisted of local property taxes and state aid. Expenditures and other financing uses of \$258.6 million, including \$20.6 million in recapture, resulted in a decrease in fund balance by \$1 million for the twelve-month period ended June 30, 2023.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information.

The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the government, reporting the District's operations in more detail than the government-wide statements.
 - The *governmental funds* statements tell how general government services were financed in the short term as well as what remains for future spending.
 - *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

Major features of the District’s [government-wide](#) and [fund financial statements](#) are summarized below:

Type of Statement	Government-Wide	Fund Financials		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire District’s government (except fiduciary funds)	The activities of the District that are not propriety or fiduciary	Activities the District operates similar to private business-health insurance and worker’s compensation	Instances in which the District is the trustee or agent for someone else’s resources
Required Financial Statements	<ul style="list-style-type: none"> Statement of net position Statement of activities 	<ul style="list-style-type: none"> Balance sheet Statement of revenues, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> Statement of net position Statement of revenues, expenditures, and changes in fund balance 	<ul style="list-style-type: none"> Statement of fiduciary net position Statement of change in net position
Accounting Basis and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of Asset/Liability Information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included
Type of Inflow/Outflow Information	All revenues and expenses during the year, regardless of when cash is received or paid.	Revenues for which cash is received during or soon after year-end, expenditures when goods or services have been received and payment is due during the year or soon thereafter.	All revenue and expenses during the year, regardless of when cash is received or paid.	All revenue and expenses during the year, regardless of when cash is received or paid.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District’s finances, in a manner similar to a private-sector company. These statements include:

The Statement of Net Position. The Statement of Net Position (Exhibit A-1) focuses on resources available for future operations. In simple terms, this statement presents a snapshot view of what the District owns (assets), what it owes (liabilities), and the net difference (net position). Net position may be further separated into amounts restricted for specific purposes and unrestricted amounts. Over time, increases or decreases in the District’s net position may serve as a useful indicator of whether the financial health is improving or deteriorating.

The Statement of Activities. The Statement of Activities (Exhibit B-1) presents information showing how the net position of the District changed over the year by tracking revenues, expenses and other transactions that increase or reduce net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing for when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

To assess the overall health of the District, additional nonfinancial factors should be considered, such as changes in the District's property tax base, student enrollment, and facility conditions.

The government-wide financial statements consist of the Governmental activities—Most of the District's basic services are included here, such as instruction, extracurricular activities, curriculum and staff development, health services, and general administration. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds, rather than the District as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required by State law and by bond covenants, while many other funds are established by the District to help manage resources for particular purposes and compliance with various grant provisions. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds. Most of the District's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out of those funds and (2) the balances left at year-end that are available for spending in future periods. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's educational programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement that explain the relationship (or differences) between them.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Debt Service Fund, both of which are considered major funds. Data from the other governmental funds, including the National School Breakfast and Lunch Program, and a Local Capital Outlay Fund, are combined into a single aggregated presentation as nonmajor funds.

Fiduciary Funds. The District is the trustee, or fiduciary, for certain funds. It is also responsible for other assets that, because of a trust arrangement, may be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. Fiduciary funds are excluded from the District's government-wide financial statements because these resources are not available to finance District operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information, including schedules required by the Texas Education Agency.

Other liabilities	64,347,895	9	56,888,554	8	7,459,341	
Long-term liabilities outstanding	652,276,057	91	629,130,950	92	23,145,107	
Total liabilities	716,623,952	100	686,019,504	100	30,604,448	
Total deferred inflows of resources	84,499,689	100	94,164,916	100	(9,665,227)	
Net position:						
Net investment in capital assets	180,398,243	89	149,894,787	91	30,503,456	
Restricted for grants	8,861,689	4	8,567,590	5	294,099	
Restricted for debt service	28,077,988	14	23,993,989	15	4,083,999	
Restricted for capital projects	638,902	0.3	492,640	0.3	146,262	
Unrestricted	(14,224,472)	(7)	(18,704,773)	(11)	4,480,301	
Total net position	\$ 203,752,350	100	\$ 164,244,233	100	\$ 39,508,117	

The District's capital assets, which consist of the District's land, buildings, building improvements, vehicles, and equipment, represent about 64 percent of total assets. The remaining assets consist mainly of investments, cash, grants, property taxes receivable, state revenue receivable, inventories and prepaid assets.

The District's long-term liabilities include repayment of general obligation bonds and net pension and OPEB liability. Other liabilities consist almost entirely of recapture and payables on accounts and salaries and benefits.

The District's net position includes its investment in capital assets (e.g., land, buildings, and equipment) less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources (generally property taxes), since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The District has restrictions for grants, debt service and capital grants. The remaining balance of unrestricted net position may be used to meet the district's ongoing obligations to students, employees, and creditors.

Unrestricted net position of \$14,224,472 remains a deficit due to adjustments made in a prior fiscal year from the implementation of GASB Statement No. 75 for OPEB (other post-employment benefit) plans. The deficit is primarily due to reporting the District’s proportionate share of the net OPEB liability.

Governmental Activities

Funding for government-wide activities is by the specific program revenue or through general revenues such as property taxes and investment earnings. Revenues for the District’s governmental activities increased \$42.8 million while total expenses increased by \$21.4 million which resulted in a net increase of net position of \$39.5 million over beginning net position of \$164.2 million.

Revenues

The District’s total revenues were \$376.7 million, representing an increase of \$42.8 million from the previous year. As seen below, approximately 77% of the District’s revenue comes from local property taxes, 5% from state and federal sources, 8% from operating grants and contributions; 4% from investment earnings; and 6% for charges and services.

Expenses

The District's total expenses were \$337.2 million, representing an increase of \$21.4 million from the previous year. The majority of this increase is due to an increase in recapture payments. The District's primary functional expenses are:

- Instruction and school leadership - \$201 million, or 60 percent of total expenses
- Facilities acquisition and construction - \$7 million, or 2 percent
- Plant maintenance and operations - \$23.6 million, or 7 percent

McKinney Independent School District
Management's Discussion and Analysis
Year Ended June 30, 2023

In total, governmental activities increased the District's net position by \$39.5 million dollars over beginning net position of \$164 million. Key elements of this change are as follows:

McKinney Independent School District's Net Position

	Governmental Activities					
	2023		2022		Increase (Decrease)	
	Amount	%	Amount	%	Amount	%

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the District's governmental funds reported combined ending fund balance of \$280.8 million, an increase of \$22.3 million over beginning fund balance of \$258.4 million. Approximately 40 percent of this total amount (\$112 million) constitutes unassigned fund balance, which is available for spending at the District's discretion. The remainder of fund balance is non-spendable, restricted, committed or assigned to indicate that it is not available for new spending because it has already been 1) used to purchase inventories and food services (\$3.7 million), 2) restricted to pay debt service (\$34.4 million), 3) restricted for grants (\$8.8 million), or 4) restricted for future capital projects (\$112.8 million), 5) committed for campus activities (\$6.4 million) 6) assigned for insurance and contingencies (\$2.5 million). Assignments reflect the District's self-imposed limitation on the use of otherwise available expendable financial resources in governmental funds.

General Fund. The General Fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$112 million, while total fund balance reached \$118.2 million. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 43 percent of total General Fund expenditures, while total fund balance represents 46 percent of that same amount.

The fund balance of the District's General Fund decreased by \$1 million during the current fiscal year. Key factors are as follows:

- Revenues totaled \$253.8 million which is a 10.5 percent increase from previous year. Total state program revenues increased by \$1.3 million, or 4.5 percent, and federal funds increased by \$1 million.
- Expenditures totaled \$258.6 million which is a 9 percent increase from previous year. This includes a \$1.5 million increase in facilities maintenance and operations and a \$17.2 million increase in recapture.

Debt Service Fund. The Debt Service Fund has a total fund balance of \$34.4 million, all of which is restricted for the payment of debt service. The net increase in fund balance was \$3.8 million. Revenues totaled \$84.3 million which is a 19.2 percent increase from previous year.

Local Capital Projects Fund. The Local Capital Projects Fund has a total fund balance of \$112.8 million, which is a \$18.7 million increase, all of which is restricted for capital acquisition and improvements. The increase is due to issuance of bonds in the Capital Projects Fund, the proceeds of which were not spent before year-end.

Budgetary Highlights

The District adopts an annual appropriated budget for the General Fund, the National School Breakfast and Lunch Program, and the Debt Service Fund. A budgetary comparison statement has been provided for these funds to demonstrate compliance with statutory requirements.

General Fund. The most significant fund for the District is the General Fund, funded primarily through local property tax revenue. The District's budget amendments presented to the Board of Trustees throughout the year are summarized as follows:

- ***Variances of original expenditure budget compared to amended budget.***
The amended expenditure budget did not change in total from the original budget.

- ***Variances of amended budget to actual expenditures.***
Expenditures were \$9.7 million less than final budgeted amounts. This was primarily due to decreased expenditures in instruction, guidance, counseling and evaluation services and plant maintenance and operations.

- ***Variances of original revenue budget compared to actual revenue***
Revenues exceeded the amended budget by \$5.2 million. The amended budget was adopted with higher projections for State program revenue. Local, state and federal program revenue all exceeded amended budget projections.

CAPITAL ASSETS AND DEBT ADMINISTRATION

At the end of 2023, the District had invested \$611 million in a broad range of capital assets, including land, buildings, and equipment. This amount represents a net increase of \$23.7 million, or more than four percent over last year. Major capital asset events conducted during the fiscal year included the completion of renovations to Slaughter Elementary, Scott Johnson Middle School along with the completion of a new campus, Frazier Elementary, and significant improvements to various athletic facilities and stadiums. Additional information on the District's capital assets can be found in Note 5 of this report.

**McKinney Independent School District's

Long-Term Debt

At the end of 2023, the District had \$652 million in long-term liabilities which include general obligation bonds, net pension liability, and net OPEB liability. The District's long-term liabilities increased by \$23.1 million due to the issuance of a \$104,600,000 Unlimited Tax School Building and Refunding Bond in 2022. Additional information on the District's long-term debt can be found in Note 6 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

McKinney ISD is situated in Collin County, 36 miles north of Dallas on U.S. Highway 75 in the city of McKinney. The city is an integral part of the Dallas Fort Worth metroplex. It enjoys easy access to major transportation and shipping hubs located 37 miles from DFW Airport and 32 miles from Love Field. In addition, McKinney's National Airport will accommodate all types of business aircraft.

McKinney is home to several industries such as Raytheon, Encore Wire, Emerson Process Management, Baylor Medical Center, and Globe Life Insurance. As the county seat of Collin County, public employers include the County, City of McKinney, McKinney ISD, and Collin College. Contributing to the area's growth has been the relocation of Toyota Motor Company's Headquarters as well as the State Farm Insurance Company's and Liberty Mutual regional offices in neighboring cities. These factors have created an increased residential demand and rapidly expanding economy.

The 2016 voter authorized multi-year bond program continues through building refresh, technology enhancements, and instructional programming.

The 2020-21 school year marks the continuation of the \$220,000,000 2016 Bond Program approved by voters in May 2016 and the beginning of the \$275,000,000 2021 Bond Program approved by voters in May 2021. Projects include comprehensive upgrades to almost every campus, fine arts, athletic and technology system within McKinney ISD. These multi-year bond programs positively impact every child in McKinney ISD.

McKinney ISD continues to experience above state average property value growth based on existing property value increases and strong new construction values.

The Board of Trustees is required to adopt a final budget no later than the close of the fiscal year, June 30. Annual budgets for the General Operating Fund, Debt Service Fund, and Food Service Fund were adopted by the Board of Trustees on June 27, 2023. The budgets are allocated by fund and function. Site based decisions are made throughout the year as campuses and departments manage their funds. Budget transfers between functions, however, require approval from the Board of Trustees. The Budget is strictly monitored in all areas of operation.

The Maintenance and Operations (M&O) tax rate decreased to \$0.7575 per \$100 valuation for the 2023-24 year. The Interest and Sinking (I&S) tax rate remained at \$0.3700 per \$100 valuation for the 2023-24 year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the District's Business Services Group, McKinney ISD, #1 Duval Street, McKinney, Texas 75069.

Reconciliation to the Governmental Funds Balance Sheet to the Statement of Net Position (Exhibit C-1r)

June 30, 2023

Total Fund Balances - Governmental Funds (Exhibit C-1) \$ 280,845,152

Capital assets, net of accumulated depreciation, are not financial resources and therefore are not reported as assets in governmental funds. 611,035,120

Some liabilities, including bonds payable, leases, and subscriptions are not due and payable in the current period and therefore are not reported in the funds:

Bonds payable	(475,320,000)	
Deferred charge on refunding	1,584,544	
Deferred gain on refunding	(5,194,114)	
Unamortized premiums on bonds payable	(61,378,665)	
Subscription liability	(80,719)	
Lease liability	(2,502,593)	(542,891,547)

Accrued interest is not due and payable in the current period and therefore is not reported as a liability in the governmental funds. (7,739,509)

Certain assets are not available to pay for current period expenditures and therefore are deferred in the funds. These are:

Deferred resource inflow for property taxes	5,074,364
---	-----------

The government-wide statements includes the District's proportionate share of the TRS net pension liabilities and TRS-Care net OPEB liabilities, as well as certain pension and OPEB related transactions accounted for as deferred inflows and outflows of resources:

Net pension liability	(74,593,775)	
Deferred outflows of resources - TRS pension	36,533,792	
Deferred inflows of resources - TRS pension	(14,236,502)	
Net OPEB liability	(38,400,305)	
Deferred outflows of resources - TRS-Care OPEB	13,194,633	
Deferred inflows of resources - TRS-Care OPEB	(65,069,073)	(142,571,230)

Total Net Position - Governmental Activities (Exhibit A-1) \$ 203,752,350

McKinney Independent School District

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities (Exhibit C-2r) Year Ended June 30, 2023

Total Net Changes in Fund Balances - Governmental Funds (Exhibit C-2)	\$ 22,348,241
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2023 capital outlays of \$54,739,600, removing the remaining net book value of disposed assets of \$2,297,368, bond principal payments of \$58,530,000, lease principal payments of \$561,215, subscription principal payments of \$1,058,531 and recognition of deferred charges and gains on refunding of \$237,901, lease issuance proceeds of \$3,024,183, and subscription proceeds of \$841,946 is to increase net position.	108,963,750
Government funds report debt proceeds and premium on issuance of bonds as financing sources when debt is first issued, whereas these are reported as long-term liabilities in the statement of net position. The net effect of reclassing bond proceeds of \$104,600,000 and bond premium of \$8,277,731 is to decrease net position.	(112,877,731)
Governmental funds report the payment to the bond refunding escrow agent as a financing use; however, the refunding payment is recorded as a reduction of outstanding principal and related premiums on the statement of net position. Additionally, a deferred charge on refunding is recorded as a result of the refunding and amortized to the statement of activities. The refunding resulted in the reduction of bond principal of \$39,990,000 and related premiums of \$5,647,686. A deferred charge of \$5,565,122 also is recognized. The net effect is an increase in net position.	40,072,564
2023 depreciation expense of \$27,825,197 increases accumulated depreciation. 2023 amortization of right to use lease and subscription assets of \$1,118,918 increases accumulated amortization. The net effect of the current year's activity is to decrease net position.	(28,944,115)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to the accrual basis of accounting. These include recognizing unavailable tax revenue of \$5,074,364 as revenue and removing the prior year's tax collection of \$3,760,018, and removing prior year collection of grant revenue of \$193,669.	1,120,677
Interest payable on long-term debt is accrued in the government-wide financial statements, whereas in the fund financial statements, interest expense is reported when due. The current year change in the accrual is an increase of \$80,578. The net effect is to decrease net position.	(80,578)

McKinney Independent School District

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities (Exhibit C-2r), continued Year Ended June 30, 2023

<p>Bond premiums are recorded as other financing sources when received in the fund financial statements but are capitalized and amortized in the government-wide financial statements. This is the current year amortization.</p>	4,734,235
<p>Changes in the deferred outflows of resources, deferred inflows of resources and net pension liability must be recorded as expenses. Changes in contributions made after the measurement date caused the change in net position to increase in the amount of \$296,017. The District's share of the unrecognized deferred inflows and outflows for TRS as of the measurement date must be amortized and the District's proportionate share of the pension expense must be recognized. These cause the change in net position to decrease in the amount of \$2,482,553. The net effect is a decrease in net position.</p>	(2,186,536)
<p>Changes in the deferred outflows of resources, deferred inflows of resources and net OPEB liability must be recorded as expenses. Changes in contributions made after the measurement date caused the change in net position to increase in the amount of \$137. The District's share of the unrecognized deferred inflows and outflows for TRS as of the measurement date must be amortized and the District's proportionate share of the OPEB expense must be recognized. These cause the change in net position to increase in the amount of \$6,357,473. The net effect is an increase in net position.</p>	6,357,610

Note 1 - Summary of Significant Accounting Policies**Reporting Entity**

The Board of Trustees, a seven-member group, has fiscal accountability over all activities related to public elementary and secondary education within the jurisdiction of the McKinney Independent School District (the District). The public elects the members of the Board of Trustees. The trustees as a body corporate have the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the TEA or to the State Board of Education are reserved for the trustees, and the TEA may not substitute its judgment for the lawful exercise of those powers and duties by the trustees. The District is not included in any other governmental "reporting entity" as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards. There are no component units included within the reporting entity. The financial statements of the District include all activities for which the Board exercises these governance responsibilities.

The District receives funding from local, state and federal government sources and must comply with the requirements of these funding source entities.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements, as well as the proprietary and fiduciary fund financial statements, are reported using the *economic resources measurement focus* and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

The Fiduciary Funds are accounted for using the *economic resources measurement focus and the accrual basis of accounting*. Revenues are recognized in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the fund Statement of Net Position. The fund equity is segregated into net investment in capital assets, restricted net position, and unrestricted net position.

Property taxes and penalties and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the District receives cash.

The District reports the following major governmental funds:

The General Fund – is the District's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

The Debt Service Fund – a governmental fund type, is used to account for the District's current portion of voter approved debt and the Foundation School Program's facilities allotment for bonded indebtedness.

Capital Projects Fund – a governmental fund type, is used to account for the proceeds from long-term debt financing and revenues and expenditures related to authorized construction and other capital asset acquisitions.

Additionally, the District reports the following nonmajor fund types:

Special revenue funds - a governmental fund type, account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The District accounts for each federal and state grant in a separate special revenue fund.

The *fiduciary funds*, the District has the following:

Private purpose trust funds – Donations for which the donor has stipulated that both the principal and the income may be used for purposes that benefit parties outside the District. The Virginia Dodson Finch Trust Fund is intended to serve children in need at Finch Elementary. The District's other private purpose trust fund is intended to serve the District's libraries.

Custodial funds – The District accounts for resources held for others in a custodial capacity in custodial funds. The District's Custodial Fund is the student activity fund.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Proprietary funds distinguish operating revenues and expenses from *nonoperating items*. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the transportation internal service fund are District contributions for the transportation fund. Operating expenses include depreciation and other operating expense and administrative expense for administering the transportation fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources, as they are needed.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Investments in investment pools are reported at amortized cost.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans).

Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental column in the government-wide financial statements and in the proprietary fund financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant and equipment of the District is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	20-40
Furniture and equipment	5-10

Right-to-use lease assets are recognized at the lease commencement date and represent the District’s right to use an underlying asset for the lease term. Right-to-use lease assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to please the lease asset into service. Right-to-use lease assets are amortized over the shorter of the lease term or useful live of the underlying asset using the straight-line method. The amortization period varies from 3 to 5 years.

Right-to-use subscription IT assets are recognized at the subscription commencement date and represent the District’s right to use the underlying IT asset for the subscription term. Right-to-use subscription IT assets are measured at the initial value of the subscription liability plus any payments made to the vendor at the commencement of the subscription term, less any subscription incentives received from the vendor at or before the commencement of the subscription term, plus any capitalizable initial implementation costs necessary to place the subscription asset into service. Right-to-use subscription IT assets are amortized over the shorter of the subscription term or useful live of the underlying asset using the straight-line method. The amortization period varies from 1 to 3 years.

Inventory

The District reports inventories of supplies at weighted average cost including consumable maintenance, instructional, office, athletic, and transportation items. Supplies are recorded as expenditures when they are consumed. Inventories of food commodities are recorded at market values supplied by the Texas Department of Human Services. Although commodities are received at no cost, their fair market value is supplied by the Texas Department of Human Services and recorded as inventory and revenue when received. When requisitioned, inventory is decreased and expenditures are charged for an equal amount.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

Lease liabilities represent the District's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments are discounted based on a borrowing rate determined by the District.

Subscription liabilities represent the District's obligation to make subscription payments arising from the subscription contract. Subscription liabilities are recognized at the subscription commencement date based on the present value of future subscription payments expected to be made during the subscription term. The present value of subscription payments are discounted based on a borrowing rate determined by the District.

Deferred Outflows/Inflows of Resources

Deferred outflows/inflows of resources are separate elements of the financial statements. The District has deferred inflows of resources, which arises under the modified accrual basis of accounting, unavailable revenue from property taxes, deferred gains on refunded debt, and for its proportionate share of TRS's deferred inflow related to pensions as described in Note 10 and its OPEB liability as described in Note 11. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District has deferred outflows of resources for deferred charges on refunded debt, its proportionate share of TRS's deferred outflow related to pensions as described in Note 10, and for its proportionate share of TRS-Care's deferred outflow related to OPEB as described in Note 11.

Property Tax

In the governmental fund financial statements, property tax revenues are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by January 31 of the year following the October 1 levy date. The assessed value of the property tax roll (net of exemptions), upon which the levy for the June 30, 2023 fiscal year was based, was \$22,695,831,000. Taxes are delinquent if not paid by February 1. Delinquent taxes are subject to both penalty and interest charges plus delinquent collection fees for attorney costs.

Current tax collections for the year ended June 30, 2023 were 99.08% of the year-end adjusted tax levy. Allowances for uncollectible taxes within the General Fund are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of June 30, 2023, property taxes receivable, net of estimated uncollectible taxes, totaled \$6,868,878.

The tax rate to finance general governmental services was \$0.9429 per \$100 and the tax rate to finance the payment of principal and interest on long-term obligations was \$0.37 per \$100 for the year ended June 30, 2023.

Fund Balance

The District classifies governmental fund balance in accordance with Government Accounting Standards Board (GASB) 54, Fund Balance Reporting and Governmental Fund Type Definitions:

Nonspendable fund balance includes fund balance that cannot be spent either because it is not in spendable form or because of legal or contractual constraints. At June 30, 2023, the District had nonspendable fund balance for inventories and prepaid items of \$575,516 and \$3,138,647, respectively.

Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. At June 30, 2023, the District had restricted fund balance for grant funding of \$8,861,689, \$112,893,572 restricted for capital acquisitions and contractual obligations, and \$34,402,146 for debt service.

Committed fund balance is established and modified by a resolution from the District's Board, the District's highest level of decision-making authority, and can be used only for the specific purposes determined by the Board's resolution. At June 30, 2023, the District had committed \$5,563,803 for campus activities and \$868,372 for other purposes.

Assigned fund balance is intended to be used by the District for specific purposes but does not meet the criteria to be classified as restricted or committed. The Board has delegated the authority to assign fund balance to the Superintendent or the Chief Financial Officer. At June 30, 2023, the District had \$2,500,000 assigned for insurance and \$50,000 assigned for contingencies.

Unassigned fund balance is the residual classification for the District's general fund and includes all spendable amounts not contained in the other classifications.

When both restricted and unrestricted fund balances are available for use, it is the District's policy to use restricted fund balance first, then unrestricted fund balance. The District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The District does not have a formal minimum fund balance policy.

Pensions

The fiduciary net position of the Teacher Retirement System (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General Fund is typically used to liquidate pension liabilities.

OPEB

The fiduciary net position of the TRS-Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources relating to other-post employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account. The General Fund is typically used to liquidate OPEB liabilities.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Implementation of GASB Statement No. 96

As of July 1, 2022, the District adopted GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*. The implementation of this standard establishes that a SBITA results in a right to use subscription IT asset -an intangible asset - and a corresponding liability. The standard provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA. The Statement requires recognition of certain SBITA assets and liabilities for SBITAs that previously were recognized as outflows of resources based on the payment provisions of the contract. As a result of implementing this standard the District recognized a right to use subscription asset and subscription liability of \$297,304 and \$297,304 as of July 1, 2022, respectively. As a result of these adjustments there was no effect on beginning net position. The additional disclosures required by this standard are included in Notes 5 and 8.

New Accounting Pronouncements

GASB Statement No. 91: Conduit Debt Obligations. Statement 91 was issued in May 2019. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. This standard becomes effective for the District in fiscal year 2023. The District has no conduit debt obligations.

GASB Statement No. 99: Omnibus 2022. Statement 99 was issued in April 2022. The objective of this Statement are to enhance comparability in accounting and financial reporting and to improve consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement include the classification and reporting of derivative instruments within the scope of *Statement No. 53, Accounting and Financial Reporting for Derivative Instruments*, that do not meet the definition of either an investment derivative instrument or a hedging derivative instrument. Clarification of provisions in *Statement No. 87, Leases*, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives. Clarification of provisions in *Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, related to (a) the determination of the public-private and public partnership (PPP) term and (b) recognition and measurement of installment payments and the transfer of the underlying PPP asset. Clarification of provisions in *Statement No. 96, Subscription-Based Information Technology Arrangements*, related to the subscription-based information technology arrangement (SBITA) term, classification of a SBITA as a short-term SBITA, and recognition and measurement of a subscription liability. Extension of the period during which the London Interbank Offered Rate (LIBOR) is considered an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk of taxable debt. Accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program (SNAP). Disclosures related to nonmonetary transactions. Pledges of future revenues when resources are not received by the pledging government. Clarification of provisions in *Statement No. 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, as amended, related to the focus of the government-wide financial statements. Terminology updates related to certain provisions of *Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Terminology used in Statement 53 to refer to resource flows statements.

The requirements of Statement 99 that are related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The District has implemented this statement.

GASB issued Statement No. 100, Accounting Changes and Error Corrections- Statement 100 was issued in June 2022 and is an amendment of GASB Statement No. 62. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. The District has implemented this statement.

GASB issued Statement No. 101, Compensated Absences. Statement 101 was issued in June 2022. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. The District does not vest vacation and sick leave; therefore, as no liability exists for unused vacation and sick leave, this change is not applicable for the District.

Note 2 - Stewardship, Compliance and Accountability

Budgetary Information

Formal budgetary accounting is employed for all required Governmental Fund Types, as outlined in the Texas Education Agency's (TEA) Financial Accounting Resource (FAR) module and is presented on the modified accrual basis of accounting consistent with generally accepted accounting principles. The budget is prepared and controlled at the function level within each organization to which responsibility for controlling operations is assigned.

The official school budget is prepared for adoption for required Governmental Fund Types prior to June 19 of the preceding fiscal year for the subsequent fiscal year beginning July 1. The budget is formally adopted by the Board of Trustees at a public meeting held at least ten days after public notice has been given.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, Debt Service Fund, and the Child Nutrition Program. The remaining special revenue funds adopt project-length budgets that do not correspond to the District's fiscal year.

Note 3 - Fair Value Measurements

GASB Statement No. 72, *Fair Value Measurement and Application* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. Fair value accounting requires characterization of the inputs used to measure fair value into three-level fair value hierarchy as follows:

Level 1 inputs are based on unadjusted quoted market prices for identical assets or liabilities in an active market the entity has the ability to access.

Level 2 inputs are observable inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent from the entity.

Level 3 inputs are observable inputs that reflect the entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available.

There are three general valuation techniques that may be used to measure fair value:

Market approach – uses prices generated by market transactions involving identical or comparable assets or liabilities.

Cost approach – uses the amount that currently would be required to replace the service capacity of an asset (replacement cost).

Income approach – uses valuation techniques to convert future amounts to present amounts based on current market expectations.

Note 4 - Detailed Notes on All Funds

Deposits and Investments

The District's funds are required to be deposited and invested under the terms of a depository contract pursuant to the School Depository Act. The depository bank deposits for safekeeping and trust with the District's agent, bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) coverage. In order to maximize return on cash balances, the District uses consolidated bank accounts from which all disbursements are made, with cash in excess of the District's total daily requirement being invested for future needs.

At June 30, 2023, the bank balance of \$2,010,254 was on deposit with the contracted depository bank. District funds are insured up to \$250,000 for the combined amount of all time and savings accounts, and up to an additional \$250,000 for the combined total of all Demand Deposit Accounts (DDA's). Interest-bearing accounts were collateralized by pledged United States government securities with a fair value of \$5,052,652 at June 30, 2023, held by the American National Bank. Because the American National Bank holds the pledged securities in trust on behalf of the District, the deposits were deemed collateralized under Texas law. All campus activity funds were centralized and were on deposit with the contracted depository.

Investments

The Texas legislature passed the Public Funds Investment Act of 1995 ("Public Funds Investment Act") which authorizes the District to invest its excess funds in the following:

- Obligations of the United States or its agencies and instrumentalities,
- Obligations of the State of Texas or its agencies, and instrumentalities,
- Other obligations guaranteed by the United States or the State of Texas or their agencies and instrumentalities,
- Public funds investment pools,
- No load money market funds with a weighted average maturity of 90 days or less,
- Fully collateralized repurchase agreements,

- Obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality not less than an “A”, or its equivalent, by a nationally recognized investment rating firm,
- Commercial paper having a stated maturity of 365 days or fewer from the date of issuance and is not rated less than A-1 or P-1 by two nationally recognized credit rating agencies or one nationally recognized credit agency and is fully secured by an irrevocable letter of credit,
- Guaranteed investment contracts for bond proceeds investment only, with a defined termination date and secured by U.S. Government direct or agency obligations approved by the Texas Public Funds Investment Act in an amount equal to the bond proceeds,
- Guaranteed or secured certificates of deposit, issued by state and national banks domiciled in Texas, and insured by federal depository insurance or secured by the obligations mentioned above,
- Bonds issued, assumed or guaranteed by the State of Israel, and Secured corporate bonds rated not lower than “AA—” or the equivalent.

The Public Funds Investment Act requires an annual review and approval of investment policies and practices. The review disclosed that in this area of investment practices, management reports and establishment of appropriate policies, the District materially adhered to the requirements of the Public Funds Investment Act. Additionally, investment practices of the District were in accordance with local policies, which are more restrictive than state statutes.

As of June 30, 2023, the following are the District’s cash equivalents and investments, with respective maturities and credit rating:

Type of Investment	Book Value	Percent	Fair Value	Percent	Maturity in Less Than 1 Year	Maturity in 1-10 years	Credit Rating
Cash	\$ 1,101,212	0.3%	\$ 1,101,212	0.3%	\$ 1,101,212	\$ -	N/A
Investment pools:							
TexPool	152,688,624	47%	152,688,624	47%	152,688,624	-	AAAm
Tex STAR	168,838,361	52%	168,838,361	52%	168,838,361	-	AAAm
Total investment pools	<u>321,526,985</u>	<u>99.7%</u>	<u>321,526,985</u>	<u>99.7%</u>	<u>321,526,985</u>	<u>-</u>	
Total cash and investments	<u>\$ 322,628,197</u>	<u>100%</u>	<u>\$ 322,628,197</u>	<u>100%</u>	<u>\$ 322,628,197</u>	<u>\$ -</u>	

Investment Pools are measured at amortized cost or net asset value, i.e. fair value. As such, these investments are not required to be reported in the fair value hierarchy.

The State Comptroller of Public Accounts exercises responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both Participants in TexPool and other persons who do not have a business relationship with TexPool. TexPool operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than market value to report net assets to compute share prices. Accordingly, the fair value of the position in TexPool is the same as the value of TexPool Shares. Audited financial statements of the pool are available at First Public, 12008 Research Blvd., Austin, Texas 78759. In addition, TexPool is subject to review by the State Auditor's Office and by the Internal Auditor of the Comptroller's Office.

TexSTAR is a local government investment pool tailored to provide investment solutions to local government investment plans whether as a liquidity component, for a more comprehensive investment strategy or as a method to diversify an investment program primarily based on traditional banking services. TexSTAR is administered by Hilltop Securities and J.P. Investment Management Inc, who serve as administrators for TexSTAR under an agreement with the TexSTAR board of directors. TexSTAR is conservatively managed in full compliance with the Texas Public Funds Investment Act. TexSTAR was created under the Interlocal Cooperation Act specifically tailored to meet Texas state and local government investment objectives of preservation of principal, daily liquidity and competitive yield. The fund maintains a maturity of 60 days or less, with a maximum maturity of 13 months for any individual security. The fund seeks to maintain a constant dollar objective and fulfills all requirements of the Texas PFIA for local government investment pools.

Interest Rate Risk

In accordance with the District's investment policy, investments are made in a manner that ensures the ensure the safety of the principal, to maintain liquidity and to maximize financial returns within current market conditions. Investments shall be made in a manner to ensure the preservation of capital in the overall portfolio, and offsets during a twelve-month period any market price losses resulting from interest-rate fluctuations by income received from the balance of the portfolio. The District's investment strategy states that no individual transaction shall be undertaken that jeopardizes the total capital position of the overall portfolio.

Credit Risk

The District's investments in Local Government Investment Pools (LGIP's) include: TexPool and TexSTAR. These are public funds investment pools operating in full compliance with the Public Funds Investment Act. Both are rated "AAAm by Standard and Poor's.

Concentration of Credit Risk

The District's investment portfolio is diversified in terms of investment instruments, maturity scheduling, and financial institutions to reduce risk of loss resulting from overconcentration of assets in a specific class of investments, specific maturity or specific issuer.

Custodial Credit Risk – Deposits

This is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. All deposits not covered by FDIC insurance but held in the depository bank, American National Bank, were fully collateralized.

Foreign Currency Risk

As of June 30, 2023, there are no foreign currency investments in the District’s portfolio.

Due from Other Governments

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of June 30, 2023, are summarized below:

Governmental Activities	Local	State Grants/ Entitlements	Federal Grants	Total
General Fund	\$ 120,055	\$ 3,852,098	\$ -	\$ 3,972,153
Debt Service Fund	38,423	-	-	38,423
Capital Projects Fund	-	-	17,181	17,181
Nonmajor Governmental Funds	-	10,000	4,243,984	4,253,984
	<u>\$ 158,478</u>	<u>\$ 3,862,098</u>	<u>\$ 4,261,165</u>	<u>\$ 8,281,741</u>

Interfund Receivables/Payable

In the fund financial statements, interfund balances are the results of normal transactions between funds and will be liquidated in the subsequent fiscal year.

Interfund balances at June 30, 2023, resulting from payroll and accumulated fund charges, consisted of the following individual fund balances:

Due From/To Other Funds	Interfund Receivables	Interfund Payables
General Fund	\$ -	\$ 14,844,228
Debt Service Fund	84,767	-
Capital Projects Fund	19,295	-
Nonmajor Governmental Funds	16,036,072	1,670,167
Private Purpose Trust Fund	1,995	-
Custodial Funds	372,266	-
Totals	<u>\$ 16,514,395</u>	<u>\$ 16,514,395</u>

Note 5 - Capital Asset Activity

Capital asset activity for the District for the year ended June 30, 2023, was as follows on the next page:

McKinney Independent School District

Notes to Financial Statements

Amortization expense was charged to the District’s functions as follows:

Governmental Activities		
11	Instruction	<u>\$ 1,118,918</u>
	Total amortization expense-governmental activities	<u>\$ 1,118,918</u>

Construction Commitments

Estimated costs to complete construction in progress as of June 30, 2023 are \$110,154,264. The District has signed contracts for the purchase of new buses for \$10,809,056.

Note 6 - Long-Term Debt

The long-term indebtedness of the District pertains to the Governmental Activities of the District. Expenditures for the debt service requirements of the long-term debt are accounted for in the General Fund, Debt Service Fund, and other nonmajor funds.

On July 21, 2022, the District issued \$104,600,00 in Unlimited Tax School Building and Refunding Bonds, Series 2022. The bonds were issued with a premium of \$8,277,731. The proceeds of the refunding were used to refund outstanding debt of the School Building and Refunding Bonds, Series 2012. The District established a defeasance escrow to defease the District’s outstanding Unlimited Tax School Building Bonds, Series 2011. The District deposited directly with a paying agent for the defeased bonds funds in the amount of \$40,072,564, sufficient to provide the final payment and redemption of the defeased bonds. The defeased bonds are no longer regarded as being outstanding, except for the purpose of being paid from funds on deposit in the escrow fund. The payment to the escrow was recorded as other financing uses paid from the Debt Service Fund. The defeasance resulted in a cash flow savings of approximately \$3.9 million and an economic gain of approximately \$3.2 million for the District.

A summary of bond issuances and other general long-term debt original amounts issued, interest rates, and maturity dates as of June 30, 2023 is as follows:

Bond Issuances	Amounts Original Issued	Interest Rate Payable	Maturity Date
2012 School Building and Refunding	\$ 53,975,000	3.02%	February 15, 2037
2013 School Building	39,305,000	4.00%	February 15, 2038
2014 School Building and Refunding	99,360,000	4.45%	February 15, 2039

Note 7 - Leases

During the current year, the District entered into a lease agreement for the use of copy machines with ImageNet beginning August 1, 2022. Under the terms of the lease, the District pays a monthly base fee of \$55,069. The District is required to make annual principal and interest payments through July 2027.

The District entered an agreement to lease the Eldorado Shopping Center for the Club 360 after school program beginning May 1, 2013 and renewed the lease on May 1, 2018. Under the terms of the lease, the District pays a monthly base fee of \$2,691. The District also pays a pro rata share of insurance maintenance and property taxes, which are not included in the measurement of the lease liability as they are variable in nature. Variable costs were not considered significant. The District exercised its option to terminate the lease on April 30, 2023.

At June 30, 2022, the District has recognized a right to use asset, net of accumulated amortization, of \$2,469,749 and a lease liability of \$2,502,593 related to the agreement. During the fiscal year, the District recorded \$584,579 in amortization expense and \$92,192 in interest expense for the right to use copy machines. The District used a discount rate of 3.74% on the shopping center lease and 3.66% for the copier lease. The discount rates were based on the estimated incremental borrowing rate of the District.

Remaining obligations associated with these leases are as follows:

Year Ending June 30,	Principal	Interest
2024	\$ 578,638	\$ 80,508
2025	600,391	58,691
2026	622,740	36,277
2027	645,921	13,029
2028	54,903	6
Total	\$ 2,502,593	\$ 188,511

Note 8 - Subscription-Based Information Technology Arrangement (SBITAs)

The District has entered into five SBITA contracts for educational and productivity software. The District is required to make principal and interest payments through June 2024. The subscription liability was valued using discount rates between 3.79% and 4.98%. The discount rates were based on the estimated incremental borrowing rate of the District.

Remaining obligations associated with the SBITA arrangements are as follows:

Year Ending June 30,	Principal	Interest
2024	\$ 80,719	\$ 31
Total	\$ 80,719	\$ 31

Note 9 - Contingencies

The District is not a party to any legal actions that are believed by administration to have a material effect on the financial condition of the District. Accordingly, no provision for losses has been recorded in the accompanying financial statements for such contingencies.

The District participates in numerous state and federal grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at June 30, 2023, may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Note 10 - Defined Benefit Pension Plan**Defined Benefit Pension Plan****Plan Description**

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401 (a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/Pages/about_publications.aspx ; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698, or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3% (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes, including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the System's actuary.

Contribution

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

	Contribution Rates	
	2022	2023
Member	8.00%	8.00%
Non-Employer Contributing Entity (State)	7.75%	8.00%
Employers	7.75%	8.00%
	2022	2023
Member Contributions	\$ 13,289,055	\$ 13,418,844
NECE On-Behalf Contributions	9,215,475	9,282,937
Employer Contributions	5,812,932	6,208,077

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to:

- All public schools, charter schools, and regional educational service centers must contribute 1.7% of the member's salary beginning in fiscal year 2022, gradually increasing to 2% in fiscal year 2025.
- When employing a retiree of the TRS the employer shall pay both the member contribution and State contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2021 actuarial valuation rolled forward to August 31, 2022 was determined using the following actuarial assumptions:

Valuation Date	August 31, 2021 rolled forward to August 31, 2022
Actuarial Cost Method	Individual entry age normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.00%
Long-term expected Investment Rate of Return	7.00%
Municipal Bond Rate as of August 2022	3.91%
Inflation	2.30%
Salary Increases including inflation	2.95% to 8.95%
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2021. For a full description of these assumptions, please see the actuarial valuation report dated November 12, 2021.

Discount Rate

A single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 session. It is assumed that future employer and State contributions will be 8.5% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and State contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 7.00%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target allocation as of August 31, 2022 (see page 54 of the TRS ACFR) are summarized on the following page.

**Teacher Retirement System of Texas
Asset Allocation and Long-Term Expected Real Rate of Return as of August 31, 2022**

Asset Class	Target Allocation ¹	Long-Term Expected Geometric Real Rate of Return ²	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
U.S.	18.0%	4.6%	1.12%
Non-U.S. Developed	13.0%	4.9%	0.90%

Cash	2.0%	3.0%	0.01%
Asset Allocation Leverage	-6.0%	3.6%	-0.05%
Inflation Expectation			2.70%
Volatility Drag ³			-0.91%
Expected Return	100%		8.19%

¹Target Allocation based on the FY2022 policy manual.

² Capital Market Assumptions come from Aon Hewitt (as of 8/31/2022).

³ The volatility drag results from the conversion between arithmetic and geometric mean returns.

⁴ Absolute Return includes Credit Sensitive instruments.

Discount Rate Sensitivity Analysis

The following table presents the Net Pension Liability of the plan using the discount rate of 7.00%, and what the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	<u>1% Decrease in Discount Rate (6.00%)</u>	<u>Discount Rate (7.00%)</u>	<u>1% Increase Discount Rate (8.00%)</u>
Total TRS net pension liability	\$ 92,353,208,735	\$ 59,367,428,259	\$ 32,630,904,839
District's proportionate share of the net pension liability	\$ 116,039,631	\$ 74,593,775	\$ 40,999,963

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At June 30, 2023, the District reported a liability of \$74,593,775 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 74,593,775
State's proportionate share that is associated with the District	115,169,997
Total	<u>\$ 189,763,772</u>

The net pension liability was measured as of August 31, 2021 and rolled forward to August 31, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2021 through August 31, 2022.

On August 31, 2022, the employer's proportion of the collective net pension liability was 0.125647644% which was a decrease of .000216365% from its proportion measured as of August 31, 2021.

Changes since the Prior Actuarial Valuation

The actuarial assumptions and methods have been modified since the determination of the prior year's Net Pension Liability. These new assumptions were adopted in conjunction with an actuarial experience study. The primary assumption change was the lowering of the single discount rate from 7.25 percent to 7.00 percent.

McKinney Independent School District

Notes to Financial Statements

June 30, 2023

For the year ended June 30, 2023, the District recognized pension expense of \$11,008,946 and revenue of \$9,052,392 for support provided by the State.

At June 30, 2023, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actuarial economic experience	\$ 1,081,604	\$ 1,626,286
Changes in actuarial assumptions	13,899,248	3,464,081
Difference between projected and actual investment earnings	7,369,626	-
Changes in proportion and differences between District contributions and the proportionate share of contributions	8,993,475	9,146,135
Contributions paid to TRS subsequent to the measurement date	5,189,839	-
	<u> </u>	<u> </u>
Total	<u>\$ 36,533,792</u>	<u>\$ 14,236,502</u>

\$5,189,839 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended June 30, 2024.

The net amount of employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Pension Expense Amount</u>
2024	\$ 4,280,879
2025	1,758,674
2026	(189,856)
2027	9,548,546
2028	1,709,208
Thereafter	-
	<u> </u>
Totals	<u>\$ 17,107,451</u>

Note 11 - Postemployment Health Benefits

Plan Description

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code, Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend the benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position

Detail information about the TRS-Care’s fiduciary net position is available in the separately issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet https://www.trs.texas.gov/Pages/about_publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table.

TRS-Care Monthly Premium Rates

	Medicare	Non-Medicare
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of Trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the State’s contribution rate which is 1.25% of the employee’s salary. Section 1575.203 establishes the active employee’s rate which is .65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the public or charter school. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor:

Contributions Rates		
	2022	2023
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
	2022	2023
Employer Contributions	\$ 1,313,067	\$ 1,316,791
Member Contributions	1,086,501	1,090,293
NECE On-behalf Contributions	2,030,420	2,037,967

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When hiring a TRS retiree, employers are required to pay to TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$ 83 million in fiscal year 2022 from the Federal Rescue Plan Act (ARPA) to help defray Covid-19 related health care costs during fiscal year 2022.

Actuarial Assumptions

The actuarial valuation was performed as of August 31, 2021. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2022. The actuarial valuation was determined using the following actuarial assumptions:

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The demographic assumptions were developed in the experience study performed for the TRS for the period ending August 31, 2017.

The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2021 TRS pension plan actuarial valuation that was rolled forward to August 31, 2022:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Rates of Disability

The active mortality rates were based on 90% of the RP-2014 Employee Mortality Tables for males and females. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Rates. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2018.

Additional Actuarial Methods and Assumptions

Valuation Date	August 31, 2021 rolled forward to August 31, 2022
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	3.91% as of August 31, 2022
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	3.05% to 9.05%, including inflation
Healthcare Trend Rates	4.25% to 8.5% The initial medical trend rates were 8.25% for Medicare retirees and 7.25% for non-Medicare retirees. There was an initial prescription drug trend rate of 8.25% for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25% over a period of 13 years.
Election Rates	Normal Retirement: 62% participation prior to age 65 and 25% participation after age 65; 30% of pre-65 retirees are assumed to discontinue coverage at age 65.
Ad hoc post-employment benefit changes	None

Discount Rate

A single discount rate of 3.91% was used to measure the total OPEB liability. This was an increase of 1.96 percent in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate of return and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2021 using the Fixed Income Market Data/Yield Curve/ Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% lower than and 1% higher than the discount rate that was used (3.91%) in measuring the Net OPEB Liability.

	<u>1% Decrease in Discount Rate (2.91%)</u>	<u>Discount Rate (3.91%)</u>	<u>1% Increase Discount Rate (4.91%)</u>
Total TRS net OPEB liability	\$ 28,231,881,036	\$ 23,944,005,302	\$ 20,470,275,606
District's proportionate share of the Net OPEB liability	\$ 45,277,005	\$ 38,400,305	\$ 32,829,296

Healthcare Cost Trend Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the health trend rates assumed:

	<u>1% Decrease in Healthcare Trend Rate</u>	<u>Current Single Healthcare Trend Rate</u>	<u>1% Increase in Healthcare Trend Rate</u>
Total TRS net OPEB liability	\$ 19,729,968,204	\$ 23,944,005,302	\$ 29,406,962,102
District's proportionate share of the Net OPEB liability	\$ 31,642,024	\$ 38,400,305	\$ 47,161,546

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2023, the District reported a liability of \$38,400,305 for its proportionate share of the TRS’s Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District was as follows:

District's Proportionate share of the collective Net OPEB liability	\$ 38,400,305
State's proportionate share that is associated with the District	<u>46,842,339</u>
 Total	 <u><u>\$ 85,242,644</u></u>

The Net OPEB Liability was measured as of August 31, 2021 and rolled forward to August 31, 2022 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The District’s proportion of the Net OPEB Liability was based on the employer’s contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2021 through August 31, 2022.

At June 30, 2023, the District’s proportion of the collective Net OPEB Liability was 0.160375444% compared to 0.166730388% as of June 30, 2022.

Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB Liability since the prior measurement period:

- The discount rate changed from 1.95 percent as of August 31, 2021 to 3.91 percent as of August 31, 2022. This change decreased the Total OPEB Liability.

Change of Benefit Terms Since the Prior Measurement Date – There were no changes in benefit terms since the prior measurement date.

For the year ending June 30, 2023 , the District recognized OPEB benefit of \$6,647,306 and revenue of \$1,606,812 for support provided by the State.

McKinney Independent School District

Notes to Financial Statements

June 30, 2023

At June 30, 2023, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actuarial economic experience	\$ 2,134,921	\$ 31,990,901
Changes in actuarial assumptions	5,849,127	26,678,247
Difference between projected and actual investment earnings	114,384	-
Changes in proportion and differences between District contributions and the proportionate share of contributions	4,002,912	6,399,925
Contributions paid to TRS subsequent to the measurement date	<u>1,093,289</u>	<u>-</u>
Totals	<u><u>\$ 13,194,633</u></u>	<u><u>\$ 65,069,073</u></u>

\$1,093,289 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the year ended June 30, 2024.

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ended June 30,</u>	<u>OPEB Expense Amount</u>
2024	\$ (9,414,830)
2025	(9,414,415)
2026	(7,785,991)
2027	(5,581,390)
2028	(6,897,890)
Thereafter	<u>(13,873,213)</u>
Totals	<u><u>\$ (52,967,729)</u></u>

Medicare Part D

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006 established prescription drug coverage for Medicare beneficiaries know as Medicare Part D. One of the provisions of Medicare Part D allows for TRS-Care to receive retiree drug subsidy payments from federal governments to offset certain prescriptions drug expenditures for eligible TRS-Care participants. These on-behalf payments have been recognized as equal revenues and expenditures by the District in the amount of \$856,718, \$714,896, and \$745,758 for the years ended June 30, 2023, 2022 and 2021, respectively.

Note 12 - Unavailable Revenue

Unavailable revenue at year-end in the fund financial statements consisted of the following:

	General Fund	Debt Service	Total
Unavailable tax collections	\$ 3,659,013	\$ 1,415,351	\$ 5,074,364
Total	\$ 3,659,013	\$ 1,415,351	\$ 5,074,364

Note 13 - Revenues from Local and Intermediate Sources

	General	Debt Service	Capital Projects Fund	Nonmajor Governmental	Total
Property taxes	\$ 206,761,595	\$ 81,305,350	\$ -	\$ -	\$ 288,066,945
Penalties, interest, and other tax-related	800,766	258,631	-	-	1,059,397
Investment income	6,429,977	1,316,877	5,001,805	-	12,748,659
Food sales	-	-	-	5,071,397	5,071,397
Co-curricular/extra- curricular student activities	717,022	-	-	5,429,011	6,146,033
Tuition and fees	32,025	-	-	-	32,025
Gifts and bequests	-	-	-	198,146	198,146
Day care fees	-	-	-	2,953,602	2,953,602
Other	1,917,826	-	273,616	-	2,191,442
Total	\$ 216,659,211	\$ 82,880,858	\$ 5,275,421	\$ 13,652,156	\$ 318,467,646

Note 14 - General Fund Federal Source Revenues

Revenues from federal sources, which are reported in the General Fund, consist of:

	CFDA	Amount
School of Health and Related Services	N/A	\$ 5,238,648
		\$ 5,238,648

Note 15 - Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2023, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

Health Care Coverage

For the year ended June 30, 2023, all employees of the District were offered health care coverage under the TRS ActiveCare insurance plan (the Plan), which is a statewide health coverage program for public education employees established by the 77th Texas Legislature. The District contributed \$306 per month per enrolled employee to the Plan, and employees, at their option, authorized payroll withholdings to pay the additional cost of premiums for themselves and dependents.

Workers' Compensation Insurance

During the year ended June 30, 2023, the District met its statutory workers' compensation obligations through participation in the TASB Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Inter-local Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's workers' compensation program is authorized by Chapter 504, Texas Labor Code. All districts participating in the Fund execute Inter-local Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members and their injured employees.

The District participates in the Fund's reimbursable aggregate deductible program. As such, the District is responsible for a certain amount of claims liability as outlined on the District's Contribution and Coverage Summary document. After the District's deductible has been met, the Fund is responsible for additional claims.

The Fund and its members are protected against higher-than-expected claims costs through the purchase of stop loss coverage for any claim in excess of the Fund's self-insured retention of \$2 million. The Fund uses the services of an independent actuary to determine reserve adequacy and fully fund those reserves. As of August 31, 2022, the Fund carries a discounted reserve of \$50,647,775 for future development on reported claims and claims that have been incurred but not yet reported. For the year ended June 30, 2023, the Fund anticipates no additional liability beyond their contractual obligations for payment of contributions and reimbursable aggregate deductibles.

The Fund engages the services of independent auditors to conduct a financial audit after the close of each plan year on August 31 and is approved by the Fund's Board of Trustee in February of the following year. The Fund's audited financial statements as of August 31, 2022, are available at the TASB offices and have been filed with the Texas State Board of Insurance in Austin.

Tax Abatements

In compliance with GASB Statement No. 77, the District did not have any outstanding tax abatements for the year ended June 30, 2023.

Note 16 - Subsequent Events

On July 27, 2023, the District issued \$48,345,000 in Unlimited Tax School Building and Refunding Bonds, Series 2023. The bond proceeds will be used to refund the Unlimited Tax School Building Bonds, Series 2013 bond and also to renovate and equip school buildings of the District.

Note 2: Plan information was unavailable prior to 2018.

Note 1 - Budget

Budgetary Information

Each school district in Texas is required by law to prepare annually a budget of anticipated revenues and expenditures for the general fund, debt service fund, and the National School Breakfast and Lunch Program special revenue fund. The Texas Education Code requires the budget to be prepared not later than June 19 and adopted by June 30 of each year. The budgets are prepared on a basis of accounting that is used for reporting in accordance with generally accepted accounting principles.

The following procedures are followed in establishing the budgetary data reflected in the fund financial schedules:

1. Prior to June 19 of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget after ten days' public notice of the meeting has been given.
3. Prior to July 1, the budget is formally approved and adopted by the Board.

The appropriated budget is prepared by fund and function. The District's campus/department heads may make transfers of appropriations within a campus or department. Transfers of appropriations between campuses or departments require the approval of the District's management. Increasing any one of the functional spending categories, or revenues object accounts and other resources require the approval of the Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the function level within a fund. All annual appropriations lapse at fiscal year-end.

Note 2 - Pension

Changes of Benefit Terms

There were no changes in benefit terms that affected the measurement of the total pension liability during the measurement period.

Changes in the Size or Composition of the Population Covered by the Benefit Terms

There were no changes in the size or composition of the population covered by the benefit terms during the measurement period.

Changes of Assumptions

The actuarial assumptions and methods have been modified since the determination of the prior year's Net Pension Liability. These new assumptions were adopted in conjunction with an actuarial experience study. The primary assumption change was the lowering of the single discount rate from 7.25 percent to 7.00 percent.

Note 3 - OPEB

Changes of Benefit Terms

There were minor benefit revisions that have been adopted since the prior measurement date. These changes are not expected to have a significant impact on plan costs.

Changes in the Size or Composition of the Population Covered by the Benefit Terms

There were no changes in the size or composition of the population covered by the benefit terms during the measurement period.

Changes of Assumptions

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB Liability since the prior measurement period:

- The single discount rate changed from 1.95 percent as of August 31, 2021 to 3.91 percent, as of August 31, 2022. Lower participation rates and updates to the health care trend rate assumptions were also factors that decreased the Total OPEB Liability.

Other Supplementary Information
June 30, 2023

McKinney Independent School District

COMBINING AND OTHER STATEMENTS

Included in this section are combining nonmajor governmental funds financial statements.

GOVERNMENTAL FUNDS

Following is a description of the purposes of the governmental funds:

REPORTED AS MAJOR FUNDS IN THE BASIC FINANCIAL STATEMENTS

General Fund is the District’s primary operating fund. It is used to account for all financial resources not required to be reported in another fund. It is always a major fund.

Debt Service Fund is the District’s fund to account for the accumulation of resources and payments of principal and interest on general obligation bonds. Resources are provided by an annual ad valorem levy and State of Texas Foundation Program revenues. Proceeds of refunding bond issues are also accounted for in this fund.

Capital Projects Fund is the District’s fund to account for the accumulation of resources and payments for construction of facilities. Resources are provided by transfers of resources based on action by the Board and issuances of school building bonds.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

- Funds 200 through 289 are used to account for the receipt and expenditure of federally funded programs. Revenues are generally recognized to the extent of eligible expenditures.
- Funds 380 through 429 are used to account for the State of Texas funded programs. Revenues are generally recognized to the extent of eligible expenditures.
- Fund 460 through 499 are used to account for the receipt and expenditure of local and intermediate source funded programs.

FIDUCIARY FUNDS

Private Purpose Trust Fund includes the District’s funds to account for donations for which the donor has stipulated that both the principal and the income may be used for purposes that benefit parties outside the District. The Virginia Dodson Finch Trust Fund is intended to serve children in need at Finch Elementary. The District’s other private purpose trust fund is intended to serve the District’s libraries.

Custodial Fund is the District’s fund to account for resources held for others in a custodial capacity in custodial funds. The District’s Custodial Fund is the student activity fund.

STATISTICAL SECTION

STATISTICAL SECTION

(UNAUDITED - for Analytical Purposes Only)

This part of McKinney Independent School District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

TABLE	CONTENTS
	Financial Trends
	<i>These tables contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.</i>
	Entity-wide Information:
S-1	Net position by component, last ten fiscal years
S-2	Changes in net position, last ten fiscal years
	Governmental Funds Information:
S-3	Fund balances of governmental funds, last ten fiscal years
S-4	Revenues
S-5	Expenditures and debt service ratios, last ten fiscal years
S-6	Other financing sources and uses
	Revenue Capacity
	<i>These tables contain information to help the reader assess the District's most significant local revenue source, the property tax.</i>
S-7	Assessed value and actual value of taxable property, last ten tax fiscal years
S-8	Direct and overlapping property tax rates, last ten fiscal years
S-9	Principal property taxpayers, current year and nine years ago
S-10	Property tax levies and collections, last ten fiscal years
	Debt Capacity
	<i>These tables present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.</i>
S-11	Outstanding debt by type, last ten fiscal years
S-12	Direct and overlapping governmental activities debt as of June 30, 2023
S-13	Legal debt margin information, last ten fiscal years
	Demographic and Economic Information
	<i>These tables offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place and to help make comparisons over time and with other governments.</i>
S-14	Demographic and economic statistics, last ten fiscal years
S-15	Principal employers, current year and nine years ago
	Operating Information
	<i>These tables contain information about the District's operations and resources to help the reader understand how the District's financial information relates to the services the District provides and activities it performs.</i>
S-16	Full-time equivalent district employees by type, last ten fiscal years
S-17	Operating statistics, last ten fiscal years
S-18	Teacher base salaries, last ten fiscal years
S-19	School building information, last ten fiscal years
Sources:	Unless otherwise noted, the information in these tables is derived from the annual comprehensive financial reports for the relevant year.

McKinney Independent School District

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees of
McKinney Independent School District
McKinney, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of McKinney Independent School District (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 12, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's Summary Schedule of Prior Audit Findings. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Abilene, Texas
October 12, 2023

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance Required by the Uniform Guidance

The Board of Trustees of
McKinney Independent School District
McKinney, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited McKinney Independent School District's (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the District under programs of the federal government for the year ended June 30, 2023. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

Note 2 - Summary of Significant Accounting Policies

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All federal expenditures were accounted for in the General Fund and Special Revenue Funds, components of the Governmental Fund type. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. No federal financial assistance has been provided to a subrecipient.

Federal grants are considered to be earned to the extent of expenditures made under the provisions of the grant.

School health and related services revenues are considered earned income at the local government level and thus are not included in the Schedule of Expenditures of Federal Awards. The following is a reconciliation of Federal Revenues on Exhibit C-2 to the Schedule of Expenditures of Federal Awards:

Total expenditures of federal awards per Exhibit K-1	\$	23,482,957
General fund - federal revenue		
School Health and Related Services (SHARS)		5,238,648
E-rate		938,272
Total federal revenues per Exhibit C-2	\$	29,659,877

Note 3 - Indirect Cost Rate

The District is not eligible to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance because the District has previously received a negotiated indirect cost rate for its federal awards.

Note 4 - Food Donation

Nonmonetary assistance is reported in this schedule at the fair market value of the commodities received and disbursed.

Section I – Summary of Auditor’s Results

FINANCIAL STATEMENTS

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	None Reported
Noncompliance material to financial statements noted?	No

FEDERAL AWARDS

Internal control over major program:	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	None Reported
Type of auditor's report issued on compliance for major programs:	Unmodified
Any audit findings disclosed that are required reported in accordance with Uniform Guidance 2 CFR 200.516:	No

Identification of major programs:

<u>Name of Federal Program</u>	<u>Federal Financial Assistance Listing/ALN Number</u>
COVID-19 Emergency Connectivity Fund Program	32.009
COVID-19 Elementary and Secondary School Emergency Relief Fund & ARP Homeless Federal Grants I and II	84.425U; 84.425W
Title I Grants to Local Educational Agencies (Title I, Part A)	84.010A
Supporting Effective Instruction State Grants	84.367A
Dollar threshold used to distinguish between type A and type B programs:	\$750,000
Auditee qualified as low-risk auditee?	No

Section II – Financial Statement Findings

The audit disclosed no findings required to be reported

Section III – Federal Award Findings and Questioned Costs

The audit disclosed no findings and questioned costs required to be reported.

McKinney Independent School District
 Schedule of Required Responses to Selected School First Indicators (Exhibit L-1)
 Year Ended June 30, 2023

Data Control Codes		Responses
SF1	Was there an unmodified opinion in the Annual Financial Report on the financial statements as a whole?	Yes
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning nonpayment of any terms of any debt agreement at fiscal year-end?	No
SF3	Did the school district make timely payments to the Teacher Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?	Yes
SF4	Was the school district issued a warrant hold? Even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days, the school district is considered to have been issued a warrant hold.	No
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds?	No
SF6	Was there any disclosure in the Annual Financial Report of material noncompliance for grants, contracts, and laws related to local, state, or federal funds?	No
SF7	Did the school district post the required financial information on its website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules that were in effect at the school district's fiscal year end?	Yes
SF8	Did the school board members discuss the school district's property values at a board meeting within 120 days before the school district adopted its budget?	Yes
SF9	Total accumulated accretion on CABs included in government-wide financial statements at fiscal year-end	\$ -

Management's Response to Auditor's Findings:

Summary Schedule of Prior Audit Findings

June 30, 2023

Prepared by Management of

McKinney Independent School District

McKinney Independent School District - Summary Schedule of Prior Audit Findings

Finding 2022-001

Initial Fiscal Year Finding Occurred: 2022

Finding Summary: Eide Bailly LLP prepared our draft financial statements and accompanying notes to the financial statements. They also proposed material audit adjustments that would not have been identified because of our existing controls and, therefore, could have resulted in a material misstatement of our financial statements.

Status: Corrective action was taken.
